

## BRYANSTON WEBSITE ACCESSIBILITY STATEMENT

Bryanston has designed the content of its website to be as accessible as possible because we are committed to our responsibilities towards equality and accessibility and want as many people as possible to be able to use our website.

Please note that all modern browsers (as well as assistive technology for users with certain disabilities) will allow users to change colour contrast, increase font size etc. [AbilityNet](#) has advice on making your device easier to use if you have a disability.

**To make the website more accessible, we've made some reasonable adjustments, including:**

- Adding alternative text on all meaningful images, descriptive hyperlinks and clear 'Call To Actions' as prompts to encourage the user to take a specific action
- Using subtitles in all videos
- Labelling all fields on our web-based forms, so screen readers can read them out (including the most recent versions of JAWS, NVDA and VoiceOver)
- Using a clear hierarchical heading structure, so that pages have a clear flow, meaning screen readers can read out the content in a logical manner
- Not using flashing lights or images
- Using plain English copy that is as simple as possible to understand.

**We know some parts of this website are not fully accessible:**

- You cannot modify the line height or spacing of text
- You cannot skip to the main content when using a screen reader
- Videos have subtitles, but not captions
- There's a limit to how far you can magnify the map on our 'contact us' page

**Alternative formats:**

If you need information on this website in a different format like accessible PDF, large print, easy read, audio recording or braille, please contact:

- [marketing@bryanston.co.uk](mailto:marketing@bryanston.co.uk)
- 01258 484 533

Bryanston will consider your request, and we will get back to you.

**Feedback and contact information:**

Bryanston is always looking to improve the accessibility of its website. If you think Bryanston is not meeting accessibility requirements on its website, please contact us using the contact details above.
